PROFESSIONAL SUMMARY

Aspiring Python Full Stack Developer seeking entry-level opportunity with a strong foundation in Python, Django, SQL, and modern frontend technologies developed through intensive coursework and hands-on projects. Adept at building database-driven web applications, implementing secure authentication, and designing responsive interfaces. Combines technical skills in computer applications with strong business understanding to create clear, functional code.

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL
- **Backend Development:** Django, Django REST Framework, MVT Architecture
- **Frontend Development:** HTML5, CSS3, JavaScript, Bootstrap
- **Databases & Tools:** MySQL, Git, GitHub, VS Code, Docker
- **Core Concepts:** Object-Oriented Programming (OOP), RESTful APIs, Database ORM, CRUD Operations, User Authentication

TECHNICAL PROJECTS

E-Commerce Web Application | *Python, Django, MySQL, HTML5, CSS3, JavaScript, Bootstrap*

- Built a full-stack e-commerce application featuring user registration, product catalog browsing, cart management, and order processing workflows.
- Implemented relational schemas and data models in MySQL using Django ORM to manage inventory and user accounts.
- Designed mobile-responsive pages using JavaScript and Bootstrap for smooth user navigation.

Personal Portfolio Web Application | *Python, Django, HTML5, CSS3, JavaScript, Bootstrap*

- Developed a dynamic, database-driven portfolio site to showcase projects, technical skill sets, and educational achievements.
- Utilized Django template tags and configured media handling for dynamic rendering of project assets.
- Designed clean UI layouts with CSS and Bootstrap to ensure cross-device accessibility.

E-Commerce Data Analysis Project | *MySQL, SQL*

- Wrote complex SQL queries to analyze sample transactional databases containing customer, product, and sales data.
- Applied JOIN operations, aggregate functions, GROUP BY, and subqueries to derive meaningful sales insights.

EDUCATION

Master of Business Administration (MBA) | GRG School of Management Studies, Coimbatore (2020 – 2022)

Bachelor of Computer Applications (BCA) | PSGR Krishnammal College for Women, Coimbatore (2017 – 2020)

CERTIFICATION & TRAINING

Python Full Stack Development — *Postulate (2025 – 2026)*

- Completed intensive hands-on training covering core Python, Django web framework, REST API development, MySQL databases, HTML/CSS/JS, and Git version control.
